

## Self Service > Student Center > Class Search

The screenshot shows the top navigation area of the MyLIU system. On the left is the 'Main Menu' with a 'Self Service' folder containing 'Student Center'. A blue callout box points to the 'My Center' link with the text: 'Click on "My Center" to access your student information.' To the right is the 'MyLIU Links' section with icons for Mail, Documents, Calendar, Sites, Video, My Center, Blackboard, Make An E-Payment, and CSI.

The screenshot shows 'Jason's Student Center'. Under the 'Academics' section, there is a 'SEARCH FOR CLASSES' button circled in red. A 'Search' link is also circled in red. A message box states 'You are not enrolled in classes.' There is also a dropdown menu for 'other academic...'.

The Search links allow you to find other classes you may wish to add to your schedule.

The screenshot shows the 'Class Search' form. It includes a 'go to ...' dropdown menu, tabs for 'my class schedule' and 'class search', and a section with the text: 'Select an institution, term and search method. Click GO to continue.' Below this are two dropdown menus: 'Institution' (set to 'Long Island University') and 'Term' (set to 'Fall Term 1995').

1. Select a term or semester from the drop down menu.

### Class Search Criteria

**Course Subject** select subject

**Course Number**

**Course Career**

**Show Open Classes Only**

Use Additional Search Criteria to narrow your search results.

▼ **Additional Search Criteria**

**Meeting Time** between  and  (example: 1:00PM)

**Day of Week**

Mon  Tues  Wed  Thurs  Fri  Sat  Sun

**Class Nbr**  (example: 1136)

**Session**

**Campus**

Select at least two search criteria (ex: Computer Science and Graduate). Note that you can enter a specific course code if you know it.

You can also narrow your results by clicking the triangle to collapse the Additional Search Criteria menu and select a specific meeting time, day of the week, and campus.

Click Search.

**DESCRIPTION**

This course examines the ways in which writers of electronic, often interactive, texts must adapt to computers and allied technologies. It also provides students with the special skills needed to write and think creatively in this demanding environment. In addition, this course conducts formative evaluation of message design and revises presentations in response to audience feedback.  
 Fall, 3 credits
