

# How to Connect to an LIU Virtual Desktop (windows)

*vdesktop.liu.edu*

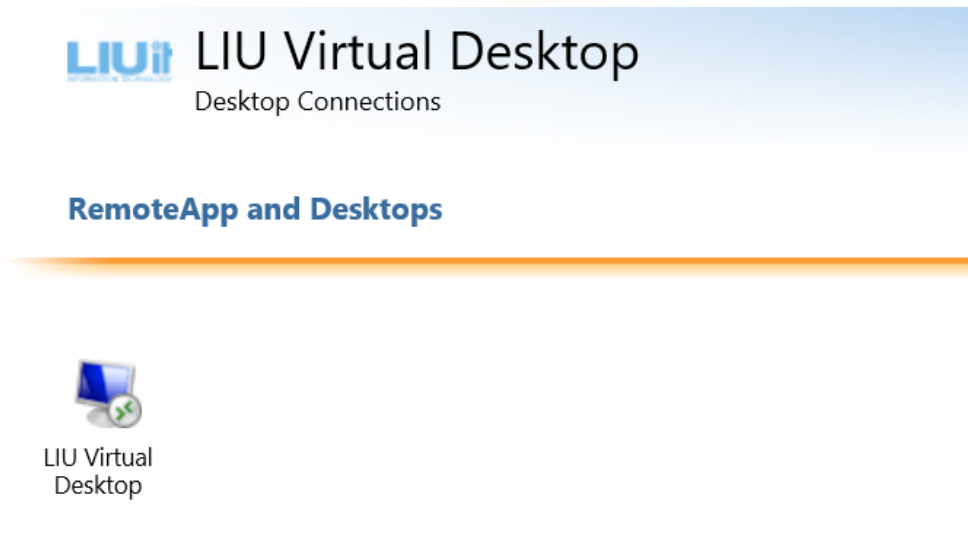

1

To access the LIU Virtual Desktop System, go to: **vdesktop.liu.edu** and login with your LIU credentials.

2

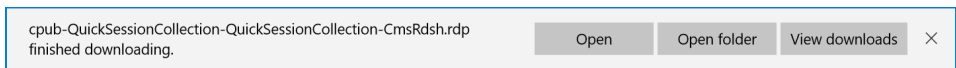

Click on the LIU Virtual Desktop Icon.

3

Save to your computer.

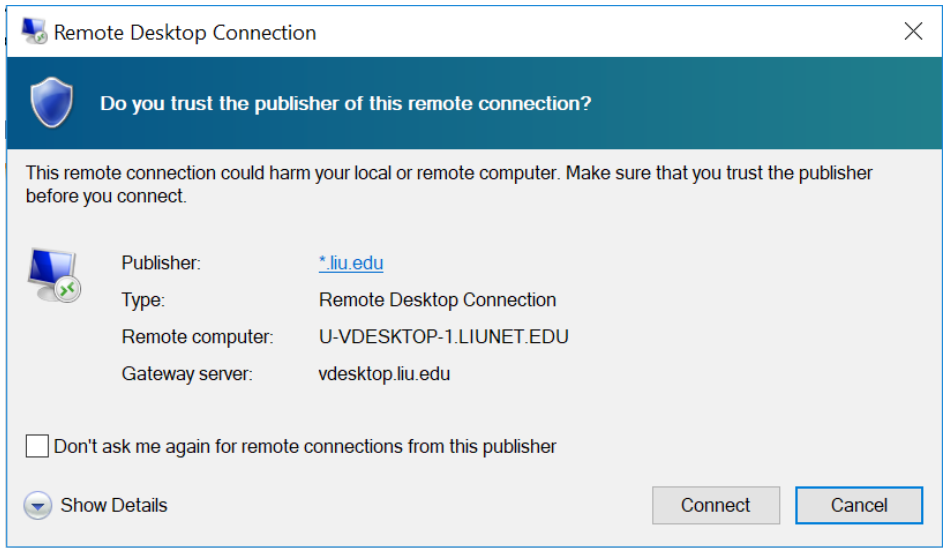

4

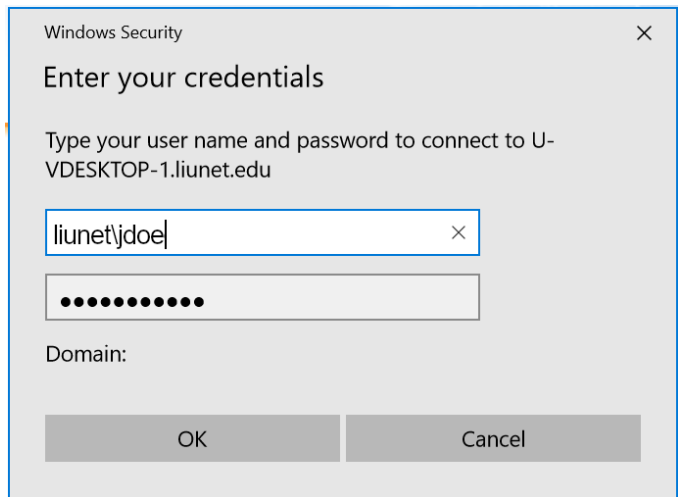

Open the file.

NOTE: every time you want to open the Virtual desktop you will need to run this file. Take note of where you save it.

5

Click Connect

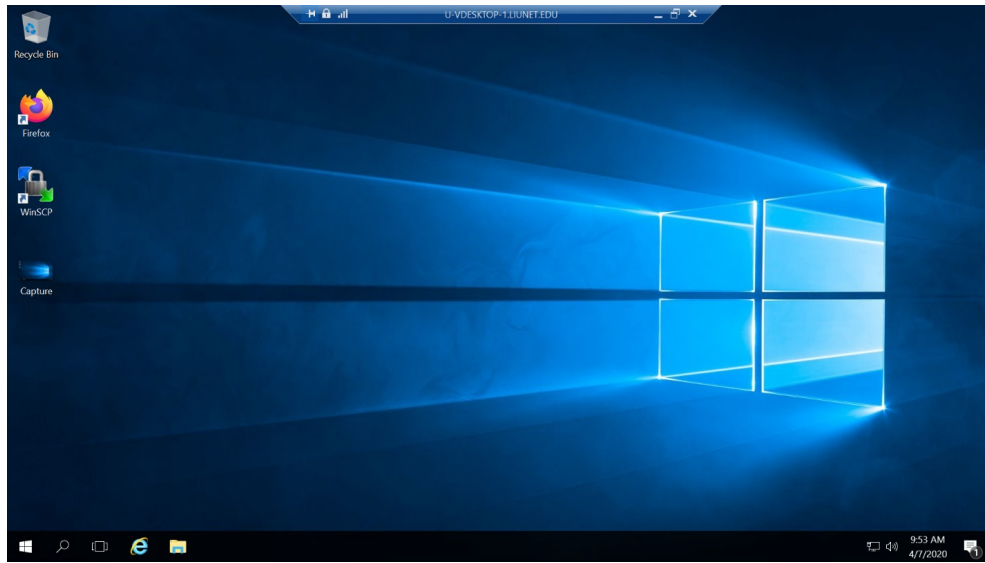

6

Enter your LIU credentials with the domain name first and a backslash (\).

7

You will be presented with a full screen desktop. You can minimize and maximize as a normal window.

8

When you are finished with your session, click the grey user icon and select **Sign out**. Do not click the close button (x).
